Representative Sandra Feist
409 State Office Building
St. Paul, MN 55155

Re: HF 1300

Dear Representative Feist:

On behalf of the Minnesota County Attorneys Association (MCAA), I write to express our concerns about HF 1300 which will be heard in the Public Safety Finance and Policy Committee on Friday, March 17, 2023.

As you know, MCAA supports codifying in statute the *Miller* factors¹ and the review of a life sentence after serving a term of 25 years. We remain very open to discussing a release authority structure that moves the term of years down for a first look from the 25 years.

More specifically, while we appreciate Sections 9, 10 and 11 which precludes the automatic sentence of life without parole, we do think that codifying the *Miller* factors would allow the Court the flexibility to impose such a sentence in those rare but most egregious cases.

Rather than the administrative process as outlined in Section 5 of HF 1300, MCAA supports implementing a judicial process that takes place in the community of the original offense; which provides for transparency and a robust opportunity for the victim(s) to be heard; which allows for substantive and procedural due process; and enables judicial review of the decision.

Lastly, we attach a list of individuals who are serving a prison sentence of 15 years or more for offenses committed while under the age of 18. Included in the list is the offense committed and a brief comment as to the circumstances of the case. These are the individuals who would be impacted by Sections 2 and 3 of the HF 1300 and who have committed horrendous crimes. Because of the very serious nature of these offenses, we think that these two sections of HF 1300 need further discussion.

We look forward to participating in these additional discussions.

Sincerely,

Robert M. Small
Executive Director

¹ The U.S. Supreme Court in *Miller v. Alabama*, 132 S.Ct. 2455, 183 L.E.2d 407 (2002), identified five factors to be considered in determining whether (with discretion) to impose a sentence of life without parole on a juvenile: the juvenile's age and immaturity; family home environment; circumstances of the offense, including the role the juvenile had in the offense and any influence of peer pressure; the incapacities of youth that may have disadvantaged the juvenile in dealing with the justice system (e.g., challenges dealing with police or participation in court); and the juvenile's potential for rehabilitation

Individuals Serving Prison Sentences of 15 Years or More for Offenses Committed While Under Age 18 (as of Oct 2021)
